Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Tuesday 26 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Unsettled, windy and very mild.

This Evening and Tonight:
Outbreaks of rain, heavy at times, moving southwards across Scotland, Northern Ireland and northern England. Mostly dry in the south and east with variable amounts of cloud, and some drizzle in the west. Windy and very mild.

Wednesday:
Further rain, heavy on hills, affecting southern Scotland, northern England, perhaps north Wales and Northern Ireland. Mostly dry in the south and east. Staying windy and very mild.

Outlook for Thursday to Saturday:
Remaining unsettled with spells of rain and showers, these heaviest and most persistent across the west. Initially some drier, brighter and milder conditions across the southeast but becoming colder.
